# PROPOSED MARKET DATES 2021

Our first Market Place will be held on the 13th of February in conjunction with Chinese New Year festivities. From then on it is full steam ahead with the event being held once a month EVERY SINGLE MONTH of the year. Because we are an indoor and fully airconditioned venue we aren't impacted by silly things like a little rain, torrential downpours, overbearing humidity or stifling heat.

Below are the proposed market days for 2021. Aside from a couple of special occasions, The Market Place will be held on third Sunday of every month. We will keep everyone informed as the year moves ahead on any additional opportunities as they get confirmed.

Held Saturday on 2nd weekend to coincide with Chinese New Year festivities at the Pier
